Set on nearly 3 acres in the sought-after Western Feeder school district, this spacious 4-bedroom, 4.5-bath home offers privacy, scenic views, and exceptional versatility. Enjoy beautiful seasonal mountain views & peaceful surroundings with a 23-acre horse farm bordering the rear of the property. The home features two custom stone gas fireplaces, a wraparound front porch, and a huge back deck—perfect for relaxing or entertaining. Inside, the kitchen includes all new appliances (except the gas stove), while both HVAC systems have been replaced within the last three years for added peace of mind. Solar panels keep electric costs remarkably low, with summer bills averaging around \$50. Additional highlights include a massive 3-car garage with approximately 800 sq ft of unfinished space above, ideal for future expansion, guest quarters, or a potential lock-off rental. The finished basement includes kitchenette, a full bath and space that could function as a 5th bedroom, providing flexible living options. Outdoor features include a firepit area and a historic early-1900s barn and performance stage.
